Captain Nickels Inn Bed & Breakfast - Where Haute Meets Historic

A Year-Round Seaside Escape in Searsport, ME

Maine's MidCoast evokes an explorer spirit with dramatic coastlines soothed by the Atlantic Ocean. Majestic schooners and lighthouses beckon adventure while Victorian villages draw you back to a time when life moved at the pace of a horse-drawn carriage. Tucked into a nook of Penobscot Bay away from the hustle and bustle, Captain Nickels Inn welcomes guests in seaside elegance, just as Captain Albert Vinal Nickels did in the late 1800's. As a National Register of Historic Places home, the inn reignites a classic style while featuring renovated rooms and suites with touches that not only bring comfort and luxury, but a sense of stepping back in time. What will you love most?

Italianate Style

A winding brick path guides guests to towering wooden front doors where stained glass panels and brass lion-head knockers invite you to another era. Vintage chandeliers and marble fireplaces decorate wallpapered parlors. 10,000 square feet, 3 floors, and yet with only 9 guest rooms the inn feels like a luxury getaway just for you.

Shimmering under the Maine sun, the newly restored cupola, lovingly referred to as the copper-topper by locals, is the crowning jewel of Captain Nickels Inn. For many years, the inn rested on a three-acre lawn that adjoined the bay. In 2021, an additional three-acres were added to the property. Guests may now enjoy a sprawling six-acres of private waterfront on the rocky coast of the Penobscot Bay. Enjoy a sunny summer day wandering through manicured gardens taking advantage of the many sitting areas.

Intimate Stays

Dawn and Cassidy had a lifelong 'what if' dream of owning a bed and breakfast. In 2019 'what ifs' became 'why nots'. Three years later, Captain Nickels Inn is a flourishing beacon of hospitality on New England's coast. Each morning, a chef's choice breakfast is presented by Cassidy with local touches and a splash of Southern inspiration. Dawn is always available to share details about the area with suggestions for must-do day trips, or to offer just one more cup of coffee.

The newest accommodation exudes classic luxury. Stay in Captain Nickels' office, now renamed as The Albert Nickels, where he once met with merchants and other captains. Lovingly restored with vintage authenticity and modern amenities - a walk-in jetted shower, intricate tiling, antique poster bed, and Persian carpet. As pretty as an oil painting, this Italianate Victorian embraces romanticism while welcoming you home, even if only for just a night.

Beyond The Bay

Perfectly located between Camden and Bar Harbor, Captain Nickels Inn provides a truly New England getaway. Beyond this seaside sanctuary is an area ripe for exploration. Call the inn home during your trip to Maine and use it as a hub to explore the rest of the coast!
